Dear Ms Dortch:

This certifies that M&L Enterprises, dba Skyline Telephone Company, Incorporated is in compliance with section 64.2009 of the Commission's rules regarding Customer Proprietary Network Information (CPNI).

As the Corporate President, I certify that I have personal knowledge that M&L Enterprises, dba Skyline Telephone Company, Incorporated does not now, nor has it ever, released any customer information, including CPNI, except for allowable uses (e.g., directory listings, 911 services). Further, as a matter of policy, any Skyline Telephone employee who releases such information is subject to full disciplinary action up to and including termination of employment. In no case has this policy ever been breached and I know of no complaints by customers with regard to release of CPNI.

Skyline Telephone Company has never released CPNI and currently has no plans to sell CPNI to third parties. This policy ensures that no violations of the FCC's rules concerning CPNI will occur. Because CPNI is not released to any third parties, no notices have been provided to customers regarding how to opt-out such events.

Certified this 9<sup>th</sup> day of November 2007.
